Contents

1. 1. Income surfaces on Giga3
2. 2. Paystack checkout basics
3. 3. Creator verification
4. 4. Listing like a professional
5. 5. Official Creator Academy series
6. 6. Fees, reviews & payouts
7. 7. Pricing psychology in GHS
8. 8. Support & dispute hygiene
9. 9. End-to-end monetization checklist

Part of the four-volume Giga3 Creator Academy. Each series is sold separately at GHS 150.00.

1. Income surfaces on Giga3

Creators earn through subscriptions/credits (chat & AI usage), GigaSocial tips/gifts, and Marketplace digital product sales. This Series 4 volume (GHS 150.00) is the monetization handbook for the Giga3 AI PWA. Checkout currency is GHS (Ghana Cedi; often written GHC).

2. Paystack checkout basics

Payments initialize on Convex (paystack actions) — secrets never ship to the browser. Success redirects to <https://www.giga3ai.com/payment/success/?reference=...> Webhooks hit the Convex site `paystack/webhook` for `charge.success`. Always verify payment status in-app before granting downloads.

Marketplace purchases call `initializeMarketplacePayment`, then redirect to Paystack. After success, the purchase row unlocks `getDownloadAccess` for the file stored in Convex `_storage`.

3. Creator verification

Before listing products, create a creator profile (display name + handle) and submit identity verification: national ID number, ID document upload, and GPS coordinates. Status moves `none` → `pending` → `approved/rejected`. Approved creators see a verified badge on listings.

Keep coordinates accurate at submission time. Rejected creators can correct documents and resubmit. Verification protects buyers and enables payouts.

4. Listing like a professional

Required: clear title, benefit-led description, category, product type, price in GHS, license, tags, and a downloadable file. Optional but high-converting: cover image, preview excerpt, copyright notice.

Buyers cannot purchase until a file is attached. Prefer PDF, zip, or well-named source packs. Price the Giga3 Creator Academy model uses GHS 150.00 per series — a clean, memorable price point for comprehensive educational resources.

5. Official Creator Academy series

Giga3 publishes four official Academy eBooks:

1. Platform Foundations — PWA, chat, models, offline
2. Create & Publish — Media Studio + GigaEdit
3. GigaSocial Creator Playbook — feed & growth
4. Monetize & Marketplace — this volume

Each sells at GHS 150.00. Tags include `giga3-official-series` plus `giga3-series-N`. After purchase, download from My purchases. Personal license: use for your learning and business; do not redistribute the PDF files.

6. Fees, reviews & payouts

Successful marketplace charges may include a platform fee; creator earnings credit the creator profile balances (`totalEarningsGhs / payoutBalanceGhs`). Request payout from the creator dashboard when balance meets the minimum (default GHS 50 unless configured higher).

Buyers who purchased can leave star ratings and comments. Respond to feedback on GigaSocial. Archive outdated listings instead of leaving broken files published.

7. Pricing psychology in GHS

The Creator Academy anchors comprehensive education at GHS 150.00 per series — easy to communicate (“four books, GHS 150.00 each”). For your own catalog: price templates lower, deep courses near the Academy anchor, and exclusive packs higher with extended licenses. Always show currency as GHS in-product (Paystack).

Bundle strategically on GigaSocial (“Series 1–2 starter pack”) only if you create a real bundled file — do not promise bundles you cannot deliver.

8. Support & dispute hygiene

Keep a purchase → download FAQ in your bio. If a buyer pays but cannot download, verify payment reference and file attachment. Admins can moderate listing status (publish/archive). Never ask buyers to pay outside Paystack for Marketplace SKUs.

9. End-to-end monetization checklist

- ☐ Verification approved
- ☐ One flagship product with cover + file
- ☐ Price tested (consider GHS 150.00 for premium guides)
- ☐ Buy-flow tested on a second account
- ☐ Payout method note saved for admins
- ☐ GigaSocial posts linking to your listing
- ☐ Academy series 1–4 completed for full literacy

You now have the complete Giga3 AI PWA Creator Academy curriculum across four series at GHS 150.00 each.
